Mr. J. R. Rao, Environmental Engineer  
Delco Maraine Division General Motors Corporation  
1420 Wisconsin Boulevard  
P. O. Box 1245  
Dayton, Ohio 45401

Dear Mr. Rao:

Thank you for the March 29 letter concerning the alternate fly ash disposal method you are currently exploring.

As I explained to you over the phone, because the South Dayton Dump is located in a hydrogeologically sensitive area, this agency has informed Mr. Grillot that he must cease accepting fly ash. After talking with you about your situation, it was agreed that Mr. Grillot could continue accepting the fly ash until March 30. During our phone conversation last week, that time frame was extended to April 30, 1990. Hopefully by that time you will have worked out all of the details with the Systech Corporation to accept your fly ash.

If, for some reason this agreement does not work out, you should begin taking the fly ash to Pinnacle Road Landfill.

If you have any further questions concerning this matter, please contact me at 225-5917.

Sincerely,

*Tracy L. Graef, R.S.*
